Mr. Joe Miles,
526 North Second St.,
Richmond, Va.

Dear Mr. Miles:

I should have written you sooner about Sunday, June 7th, but was trying to wait until things were definitely settled. As you know we were originally scheduled with the Cubans for that date, the Cubans cancelled us out to go to Detroit and play the Elites, as the result we were forced to find something else to do, therefore, we will be unable to use the Park on the 7th.

We have just heard that we can play at Newport News. We are going to try to get a team to come South with us, and will plan to play a night in Richmond on that trip, if possible.

I am certainly sorry there has been so many cancellations where Richmond is concerned, but the first one of course was due to the light situation there, and this most recent one was caused by another Ball Club. I hope we will be able to get together on some dates.

Very truly yours,
